From the President's Garage

Wow! Our April and May shows had a great turnout. Over 270 vehicles in April, and over 230 in May. Hopefully the weather cooperates for our future shows. Wayne's Hot Wheels track is a great added feature. The kids had a blast! They were also super excited to take a car home! Some adult spectators were asking about side bets on the races. We'll save that for another time. Thank you Wayne for your design and assembly, and thanks to Steve for your help and bringing spare track parts. Stockers has been invited to the Hot Rods 4 Heroes car show on July 18th. We will have a

representative from the Pharaohs Car Club at our June meeting to give us information. Enjoy the summer weather and be safe.

Keep Cruising!

Mike Baker

- "At the local car show, I asked a guy what he'd done to his classic Chevy. He spent 20 minutes telling me about his high-flow exhaust, and 40 minutes telling me about his recent hip replacement".
- "You know you're getting old in the car hobby when your favorite part of the show is the part where you park and sit in a lawn chair for three hours".
- "I'm not saying the car club is getting old, but the main topic of conversation is no longer 'how fast can it go,' but "In my last Dr's appointment ...".

A young guy in a Ferrari pulls up next to an 80-year-old man on a moped at a red light. The young guy brags, "This car does 200 mph and cost half a million dollars!"

The old man looks over and says, "That's nice... but I'll stick with my moped."

The light turns green, and the Ferrari disappears. A minute later, the Ferrari driver notices a dot in his rearview mirror moving *fast*. It whizzes by him!

"What on earth could be faster than a Ferrari?!" he asks, flooring it to 250 mph. Up ahead, he sees it's the old man on the moped, going even faster. Suddenly, the moped smashes into the back of his Ferrari, wrecking them both.

The young guy runs over, "You have to tell me how you got that thing to go faster than a Ferrari!"

The old man looks up and says, "Okay... but first, unhook my suspenders from your side-view mirror!"

May Second Saturday Car Show

The weather was great. The cars were phenomenal. The people were happy and friendly. The donuts were soft and fresh. We had about 230 cars participate. Have to mark this one down as another great success. Here are just a few pictures of the event.
