From the President's Garage

From the President's Garage

There is a new hobby growing, and it is growing fast. Collecting car club plaques. Thanks to the internet, it is a feeding frenzy. The drive behind plaque collecting is reliving our youth or nostalgia. Former club members are looking to replace the plaques that got lost. Some clubs are trying to become active again. We finally got that hot rod back we had in the past so we need our plaque. The reasons are endless. I'm still searching for

a Stockers plaque from Van Nuys CA! Pricing ranges from \$20.00 into the hundreds of dollars. It's all in the want. Most plaques are from The U.S.A. Canada and other areas are catching on now. Searching plaques is a great way to spend a rainy afternoon. Just google "car club plaques" and you'll get plenty of sites. Give it a try, and maybe jog a memory. Enjoy yourself!

Keep Cruising!

Mike Baker

June 11, 2026 – Edward Jones Financial Advisors Car Show

Judy put together a nice little car show for the folks attending the Edward Jones regional meeting at the Cheyenne Mountain Resort. It was a great location and they even fed us! On top of that, they donated \$250 to Stockers Car Club in appreciation. We had some really nice conversations with the attendees.

June Second Saturday Car Show – Wow, another great car show! There were a lot of shows going on today yet I am confident we had well over 200 cars come through again this month. If you didn't see it Dragon Arms posted a nice video about our show here:

<https://www.facebook.com/reel/985657177400518> . We had an 11 year old young man (12 next week) donate a bunch of his Hot Wheels cars, and then he (and his Dad) stuck around to help us manage the mayhem of fiercely competitive day of racing.

Stockers Car Club

Teddy says this Fourth of July marks a truly historic milestone — the 250th anniversary of American independence. For two and a half centuries, Americans have celebrated the freedoms, opportunities, and spirit of innovation that continue to define our nation.

For car enthusiasts, Independence Day also reminds us of another uniquely American tradition: the automobile. From classic muscle cars and chrome-covered cruisers to modern performance machines, our passion for cars reflects the same spirit of freedom and individuality that inspired our nation's founding in 1776.

Here in Colorado Springs, the Stockers Car Club proudly carries on that tradition. Our members share more than a love of horsepower and polished paint — we share friendships, stories, car shows,

and a deep appreciation for American craftsmanship and community.

As we gather this summer for shows, and celebrations, let us take a moment to honor those who built and defended this country over the past 250 years. May the sound of V8s, the sight of waving flags, and the company of good friends remind us how fortunate we are to enjoy the freedoms we often take for granted. To everyone in the Stockers Car Club, Teddy and his human servants wish you a safe, joyful, and patriotic Independence Day!

God Bless America.
