From the President's Garage

Tuesday night 2:30 a.m.

In this month's column I want to share some random thoughts I have. Why do my best ideas always cost money? Why do \$50 projects end up costing \$100? Why do car parts from Amazon always take 2 weeks to arrive? Why do we have fingertips but not toetips? Who decides quality of plastic clips? Why do I always break at least 2? Why does a 2 hour repair take 8 hours and cost \$80 more? Why do I always get the red light? How do tools keep disappearing in the garage? Is there a Tool Fairy? Why do I feel old this year? Why won't my snowblower start when it snows? Why am I up at 2:30 in the morning with these thoughts? I also want to welcome our new members! We are glad you chose Stockers as your club! Have a great night everyone.

Keep Cruising!

Mike Baker

July Second Saturday Car Show – Wow, another unbelievable car show! We had over 250 cars roll through. And when I say it was hot, it was seriously hot in more ways than one. The vehicles and the temps were hot.

If you haven't seen this video of our show you should check it out:
